Subject   **Your pedicure treatment**

Dear <Mr./Mrs./Ms. > <Surname>,

This letter concerns your pedicure treatment.

We will reimburse your pedicure treatment
We give you permission under the basic insurance or under the supplementary insurance plan.
You can start your pedicure treatment from <start date approval >. This authorisation expires
when you are no longer insured with us or when the policy terms and conditions modify.

The care provider has to be registered in a quality registry
 We are ensured that your chiropodist meets our quality requirements and that the care provider
has the proper diplomas. You can find a care provider online at:
1. Kwaliteitsregister voor Pedicures: www.kwaliteitsregisterpedicures.nl. This contains the
    medical procedures with the qualification 'diabetische voet' (DV) (diabetic foot) or in case
    of rheumatoid arthritis with the qualification 'reumatische voet' (RV) (rheumatoid foot) and
    the medical pedicure (MP)
2. Kwaliteitsregister Paramedische Voetzorg van Stipezo: www.stipezo.nl. This contains the
    pedicures in care or (pedicure) chiropodist.

Reimbursement under the basic insurance is possible when
-   You are a diabetic and you have a Simm 1 or higher medical indication and
-   The pedicure or chiropodist states this on the bill and
-   It is visible on the bill that the care provider is registered in the KwaliteitsRegister
    van Procert or the Register Paramedische Voetzorg van Stipezo

The mandatory and voluntary excess applies to reimbursement under the basic insurance.

Not entitled to a reimbursement under basic insurance?
However, you do have supplementary insurance. You are then sometimes entitled to a
reimbursement. This is possible, for example, for a foot screening and treatment for rheumatism,
diabetes with Simms 0 classification. Would you like to know what is reimbursed? Check your
supplementary insurance on your policy document. You can find the reimbursement level per
supplementary insurance at www.urlvergoedingen.nl.
